

Sharing on Swivl Cloud

For Pro/Pro Plus Users and Swivl Team Members

Swivl Teams vs. Individual Subscribers

There are many ways to collaborate with your colleagues on Swivl Cloud and share best practices within your organization. The best way to collaborate is within a Swivl Team.

If you are a member of a **Swivl Team**, you can:

- Share to individuals on Swivl cloud
- Share and subscribe to Groups
- Share and subscribe to Lists
- Clone your videos

If you are an **individual** Pro or Pro Plus subscriber, you can:

- Share to individuals on Swivl cloud
- Share and subscribe to Lists
- Clone your videos

Groups, Lists, and Sharing to Individuals

Sharing to a Group	Sharing to a List	Sharing to an Individual	Exporting a Copy
<p>Multi-way sharing</p> <p>*Swivl Team Users Only</p> <p>Groups allow for everyone in the group to receive video content that has been shared by any user in the group</p> <p>Groups can be composed of as many people on your Team as you desire or the whole Team can be part of a single group</p> <p>Groups promote peer-sharing and provide access to best practice libraries for your organization's</p>	<p>One-way sharing</p> <p>Lists act more like distribution feeds for other people to view and comment on your videos</p> <p>Only the owner of a list can share video content to the list</p> <p>A subscriber to the list can only view and comment on videos in that list - they cannot contribute their own videos to the list</p>	<p>One-way sharing</p> <p>You can share to an individual by selecting 'Direct Share' when you choose 'Share' on any video project.</p>	<p>One-way sharing</p> <p>Clones a copy of your video for other users to then edit or share</p> <p>The original remains in your library, the cloned copy goes to your recipient's library</p> <p>Any edits or shares made to either video will not affect the other</p>

Creating a Group (Swivl Team)

Start in Groups

Choose the "add Group" icon

Name, describe, and add contributors to your group

A form for creating a group. It includes a 'Group name' input field, a 'Description goes here' text area, and three checkboxes: 'New members require approval' (checked), 'Create as a Team Group' (checked), and 'Add all Team members to Group' (unchecked). At the bottom are 'Cancel' and 'Create' buttons.

Here's how it'll appear

Creating a List

Start in Groups

Choose the "add List" icon

Name, describe, and add recipients to your list

List name

Description goes here

New members require approval

Cancel Create

Here's how it'll appear

Sharing to a Group or List

Start in your Library

Choose any video and click Share

-  **Direct Share**
(login required, best for sharing with individuals)
Sends an email invitation to view your project. Viewing requires a Swivl cloud login.
-  **Share to List or Group**
(login required, best for sharing with multiple people)
Sends an email invitation to view your project. Viewing requires a Swivl cloud login.
Access control: only members of the List or Group can view and/or comment.
-  **Share Weblink**
(no login required)
Create a unique, unlisted url that can be shared with anyone. Anyone with this link can view the video.
-  **Embed**
(no login required, password protection optional)
Embed this project on your website or blog using HTML.

You can select any existing Lists or Groups or create new ones

Collaborate on Videos Shared by Others

Start in Feed

Use the filter to search for videos by their Tags or Comment Categories

Or search the videos within Lists or Groups to which you belong by selecting the List Feed or Group Feed view

ALL VIDEOS

LIST FEED

GROUP FEED

Clone a video

Start in Library

Select the video you want to clone

Select Export

Edit Share Export

The cloned copy will appear in your recipient's Library just like any of their own video projects would.
