

# Connect With a Colleague and Share a Lesson Highlight

Using Teams by Swivl, teachers can easily share bite-sized videos including timestamped lesson highlights. Use this Swivl Strategy to share something that is working well for you, or receive feedback from a colleague about an area in which you want to improve. This kind of connection fosters quality working relationships and serves as an early step into coaching conversations that improve practice.

**ESTIMATED TIME** 15 min.

**BEST FOR** Teacher Collaboration & Learning

**LEVEL** Elementary, Middle School, High School, Higher Education

## GET STARTED

- Think about a lesson or lesson strategy you would like to share with or get feedback from a colleague.
- Set up the Robot and mobile device.
- Log into **Teams by Swivl** on your mobile device.

## DIRECTIONS

- 1 Record your video.
- 2 Edit the video to the most valuable or helpful section. We suggest 5-10 minutes for easy viewing.
- 3 Leave time stamp comments highlighting key parts of the lesson you would like your colleague to notice.
- 4 Share the video to a colleague through Direct share.

## STRATEGY ALTERNATIVES

- Use Sessions mode to indicate the intention of the video.
- Share multiple videos to a Group of best practices for your grade level or content level.
