

# Getting Started with Reflection

---

## Introduce Reflectivity

Introduce Reflectivity to a small group of your early adopters.

## Profile Picture

Ensure everyone on the team logs in and uploads a profile picture.

## eLearning modules

Provide an opportunity to work through Swivl's eLearning modules.

## Create a Group

Start today by creating a Group where everyone can work together.

## Set Goals

Set incremental goals for using Reflectivity.

## Participate

Actively model all pieces of the reflection program, including but not limited to writing reflections, asking for feedback, including evidence, and adding skills.

## Professional Development

Offer real time professional development based on the needs of teachers as expressed in Reflectivity.

## Additional Groups

Include additional small groups and repeat the process.

---

## Have Questions?

Success is different for everyone, if something isn't working contact [success@swivl.com](mailto:success@swivl.com) and we can help.
