

Mirror

An **interactive reflection station** for students and teachers

by *Swivl*

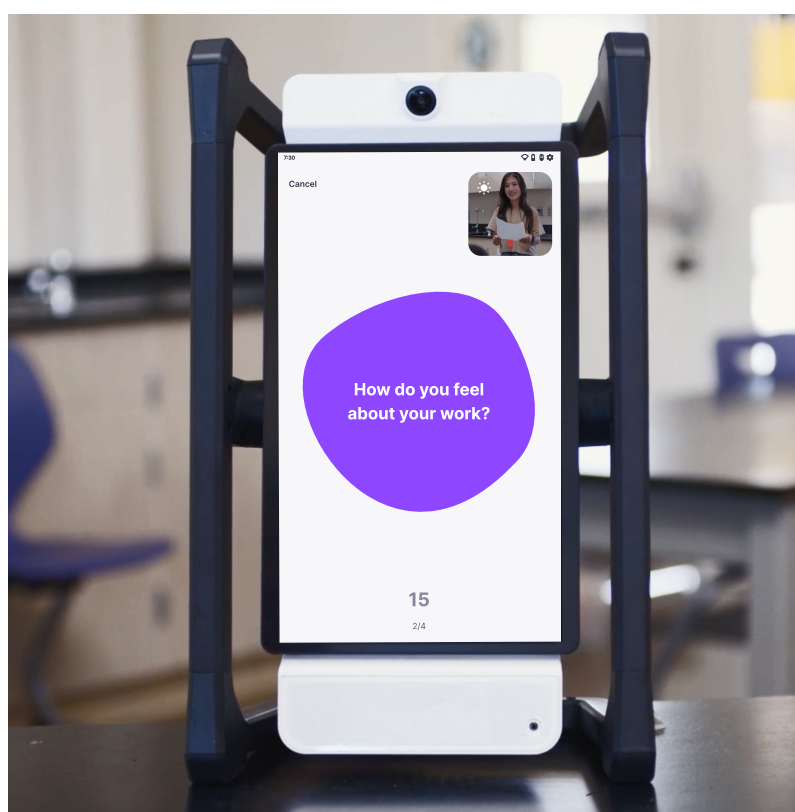

Build reflective skills + discover learning gaps

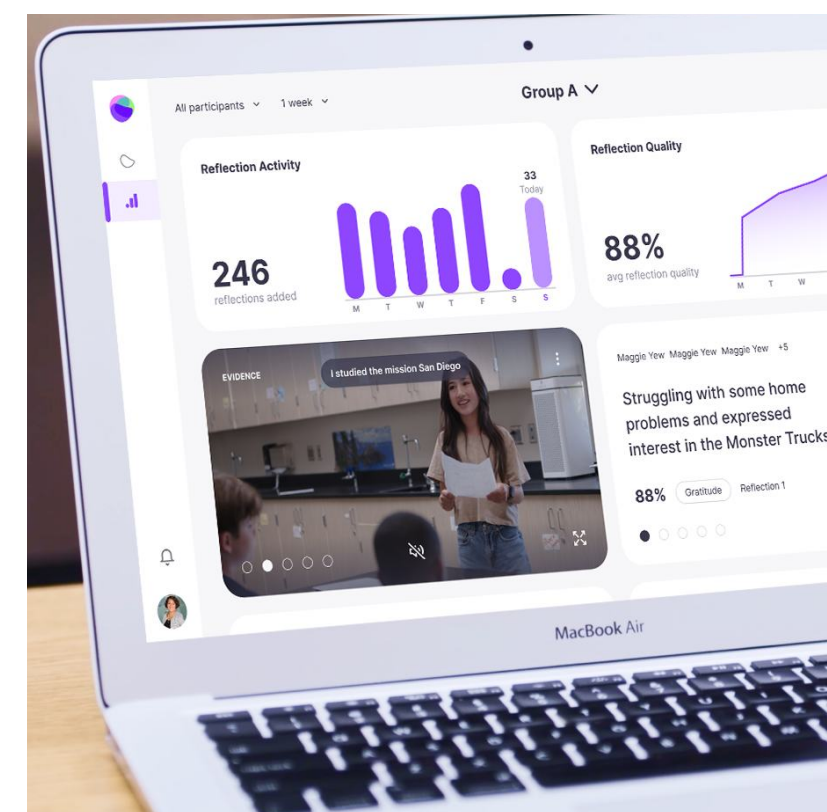

Reflect anytime

In seconds, setup AI-generated reflective questions for any goal

Personalized feedback

Instant feedback enhances reflective skills and encourages engagement

Reflective insights

Leverages AI to evaluate sentiment, thinking, reflective skill, and more

I have 104 students. With Mirror, I invite all my students to reflect regularly, and it delivers feedback almost instantly. I no longer have to be their evaluator - I can be their coach.

Annette Lang, Technology Instructor

Ideas to get started

- STEM / STEAM
- Presentation prep
- End-of-unit or end-of-activity
- Beginning of unit
- Professional development

[Learn more about Mirror](#) and sign up for the commitment free, 30-day demo.
