

M2

Carrying case. Take M2 with you—anywhere

Why a carrying case?

Designed for educators on the go, the carrying case makes transporting devices from school site to school site, or cross country for a conference presentation* easy.

Specs

Durable and ready for the skies

Nylon with foam-lined interior to keep the device's screen dust and particle free, ready to present anywhere. Protects the body and screen during auto and air travel (carry-on only).

Ergonomically designed for comfort

Reflection shouldn't feel heavy on your mind OR body! The carry bag lets you tote the device securely and comfortably.

Material

Nylon outer shell with polyethylene foam lining

Dimensions

22×14×8.5

Washing

Hand wash only

*Meets TSA carry-on limit for use in overhead compartments; you should consult your airline as they may enforce separate overhead compartment policies. NOT recommended for checked luggage. Additional packing material is required for shipping to avoid damaging your device.
