Belong together

Reflect

Teachers regularly reflect on MirrorTalk on lesson goals and activities.

Observe

Teachers utilize M2 for daily lesson feedback, classroom summaries, and to collect student learning data. Long format records seamlessly export to Reflectivity.

Discuss

In Reflectivity, teachers use time-stamped annotations to analyze specific moments and bookmark ⭐/💡 gains and areas for improvement from their long format recordings.

Reflect

The cycle repeats. Reflecting again with MirrorTalk, teachers compare video insights with new realizations to draw conclusions about necessary adjustments they need to make.

But wait, there's more

Read the full article to learn how the integration of M2, MirrorTalk, and Reflectivity creates a powerful ecosystem for professional growth and collaboration in your organization.
