

There are so many things that M2 can do!

Check out the list below to see what other ways you can be using M2.

M2 can...

- Host a debate
- Create a pop quiz
- Model answers for students
- Play Jeopardy
- Provide interactive lesson ideas for teachers
- Participate in a socratic seminar
- Help with transition time by reciting a poem, making a rhyme, etc.
- Be a guide on a virtual field trip
- Help set up a scavenger hunt
- Assign discussion questions to groups based off of the lesson
- Translate for family engagement interactions
- Create a rhyme to help with recall for class (math processes, scientific elements, historical events, etc.)
- Help create a travel brochure
- Aid in pronouncing words
- Provide feedback to students while they are working on language proficiency
- Help students work through math problems step-by-step
- Assist in behavior conversations
